Erotic Chocolate: Be My Valentine

On the same night of the facial threading café launch, enjoy chocolate in a sensual way. What comes to mind when you hear the words “erotic” and “chocolate”?

Well, I can speak for myself and say that the first thing that comes to mind is delicious. Really! I could be more imaginative. Instead, of you reading about images of objects and body parts, why don't you stop by, on Tuesday, January 24, and not only see for yourself, but indulge. Purchase delicious and erotic chocolate to share with your special someone, or, enjoy on your own. This is a great pre-Valentine treat. Indulge!
